PROJECTS

ParkNeighbor APP - Rent Residential Parking Space

AUG 2023

- Developed a mobile application using React Native with a user-friendly interface that enables users to find and reserve parking spaces in residential neighborhoods, offering a solution to the urban parking crisis.
- Implemented a real-time GPS-based location system to accurately pinpoint available parking spots and provide turn-by-turn navigation to the chosen location.
- Integrated a secure user registration and authentication system, allowing users to create profiles, store payment information, and access their booking history.
- Collaborated with property owners to onboard and manage their parking spaces, implementing a user-friendly dashboard for property owners to list, update, and monitor their available parking spots.
- Significantly reduced parking expenses for university student users by offering a cost-effective alternative to traditional parking options, leading to substantial savings over time.
- Enabled property owners to generate additional income by monetizing their underutilized parking spaces, contributing to their financial well-being.

E-COMMERCE WEBSITE - Online Clothing Store

JAN 2023

- Designed and developed a full-stack e-commerce website using React for the frontend and Node.js for the backend.
- Implemented user authentication, product catalog, shopping cart, and payment processing features.
- Created a robust product catalog with features such as product filtering, sorting, and search functionality to enhance the user shopping experience.
- Conducted comprehensive testing, including unit testing and user acceptance testing, to identify and rectify bugs and issues, ensuring a seamless user experience.
- Demonstrated strong problem-solving skills by resolving technical challenges and optimizing website performance.

WORK EXPERIENCE

Home Depot

Electrical Sales Associate

Van Nuys, CA

July 2022 – Current

- Answered customer questions about products and services, helped locate merchandise, and promoted key items.
 - Shared product knowledge and best practices with coworkers, contributing to the team's overall expertise.
 - Worked together with the team to achieve and exceed sales targets, contributing to the overall success of the department.
 - Monitored customers for signs of security concerns and escalated issues to management.
 - Delivered exceptional customer service to every customer by leveraging extensive knowledge of products and services and creating welcoming, positive experiences.
-
